

BATTERY-POWERED TENSIONER FOR CORD STRAP

THE BC2040

Greenbridge's BC2040 battery-powered tensioner for cord strap tool produces tighter, safer and more secure package loads. The BC2040 makes palletizing and unitizing medium to heavy loads a breeze with the use of cord strapping and wire buckles. Softer and safer cord strapping is easier on your hands, packages and contents. Your customers will appreciate their shipments arriving with less product damage strapped securely with cord strapping versus other methods of packaging.

FEATURES

- Tool tensions and cuts cord strapping
- Secures strapping via a wire buckle
- Easy to use, two-step basic operation
- Strong, reliable, heavy-duty metal construction
- Very low maintenance

**Press down on

ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains.

Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.
