

## SOLUTIONS FOR HAY

### MHB HAY BALER

How do you bale your premium hay and straw products to avoid damage from field to farm or feedlot particularly when the final destination may be half a world away? It starts with having the right equipment to unitize your product quickly, efficiently and securely. Equipment—and strapping—that works as hard as you do.

**That's where Greenbridge comes in.**

**STAND OUT IN A CROWD** with printed polypropylene strap. Print logos, web addresses, country of origin, and more. One- or two-color printing in your choice of ink and strap color. This low elongation, high break-strength strapping is designed specifically for the hay industry.

### **CUSTOM BUILT FOR YOU**

Each MHB Baler is built to your specifications.

## The MHB Is One Tough Machine

The MHB is a custom-built, side-seal strapping machine designed to vertically strap bales of hay and straw. The multiple-head system dramatically increases production. The Location of the heads minimizes foreign matter from interrupting machine performance. And because the MHB is fabricated with heavy-duty material and hardware, you can count on this tough machine to operate flawlessly in virtually every environment.

- Rugged construction at home on any field, farm or ranch
- Energy efficient 24V direct drive motors
- Fewer moving parts for easy maintenance

# HIGH-PERFORMING BALING EQUIPMENT

## FOR HIGH-PERFORMANCE RESULTS

### FEATURES + BENEFITS

- Each MHB baler is customized to your requirements
- Vertically mounted strapping + sealing unit avoids debris, ensures long-lasting operation
- Quick-change strapping unit minimizes downtime
- Automatic strap feed + refeed increases throughput
- Direct drive motors mean no belts or pulleys
- Fewer moving parts increases reliability + reduces downtime
- Use Greenbridge XXL coils for longer runs, fewer coil changes
- Machine dimensions available on request

### QUICK CHANGE STRAPPING HEADS WON'T LEAVE YOU COWED

- Swap heads in minutes by releasing two security clamps
- Heads weigh less than 70 lbs.
- Perform maintenance offline without the worry of production loss

### Service Is Everything

Greenbridge will train your people, service your equipment, perform preventive maintenance, and rebuild strapping heads.

**It's what we do. Gladly.**

### ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains.

*Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.*

**It's easy to find a supplier to  
sell you equipment.**

**It's another thing to find one who  
understands the hay business.**
