

BATTERY OPERATED DOUBLE NOTCH STEEL SEALER

SB8500

Our SB8500 is the sealer you need for 1 1/4" steel straps. This battery operated, innovative sealer solution performs a perfect double notch closure for any steel strapping application.

Used in combination with SB8500 (battery tensioner for steel strap), your team will be able to secure any 1 1/4" steel strapping operation anywhere, without an air system or any additional operational costs. The SB8500 can be used with all Greenbridge steel strap tensioners, including the SB8400 & SP3100.

Powerful, quick, and strong, the SB8500 has been manufactured to withstand challenging environment so it's not only durable, but it requires limited maintenance.

FEATURES

- Battery Operated Tool
- Seals regular duty and high tensile steel strap
- Powerful and Quick gets the job done
- Double Notch creates a stronger seal vs. single notch

BENEFITS

- Robust and Durable
- Easy to use
- Strong and Reliable
- Low maintenance required

ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains. *Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.*

**It's easy to find a supplier to
sell you a tool.**

**It's another thing to find one eager
to provide service after the sale.**
