

ROBUST, BATTERY-POWERED, FRICTION WELD TOOL

THE B1000i

Facing a long day of securing loads? Do more with less effort with the B1000i battery-powered friction weld tool capable of pulling up to 1125 pounds of tension. No special change parts are required to adjust for strap width or thickness. The 18V lithium-ion battery delivers more power in a lighter package, making your tools easier to handle without sacrificing performance.

POWER PLUS!
The B1000i pulls up to 1125 lbs. of tension

FEATURES

- Portable, easy to use
- High tension, one-hand operation
- Lithium polymer quick-charge battery
- PET strap sizes: 5/8" – 3/4", .031 – .050
- 80% joint efficiency

ACCESSORIES

The B1000i comes with two batteries and a charger.

B1000i Battery	
Product Code	B301BAT
Type	Lithium Ion
Output	18V, 5Ah

B1000i Charger	
Code	301CHG
Power Supply	110v 60Hz-120W
Output	8.4-21V- 5Ah

INTRODUCING GB+

When Greenbridge supplies and services the strapping side of your business you can focus on fueling the growth of your business.

With GB+ on your side, your Capex funds no longer need to go to tools and equipment. You prioritize your dollars on product development, sales, marketing, manufacturing, and innovation.

Greenbridge's GB+ program can be customized to solve for your equipment challenges, maintenance demands, consumables constraints, and sustainability objectives.

It's easy to find a supplier to sell you a tool.

It's another thing to find one eager to provide service after the sale.

Talk to Greenbridge.
