

# ROBUST, BATTERY-POWERED, FRICTION WELD TOOL

## THE B400i

Do more with less effort with the B400i battery-powered friction weld tool capable of pulling up to 450 pounds of tension. No special change parts are required to adjust for strap width or thickness. The 18V lithium-ion battery delivers more power in a lighter package, making your tools easier to handle without sacrificing performance.

**JUST THE RIGHT POWER!**  
The B400i pulls up to  
450 lbs. of tension

### FEATURES

- Portable, easy to use
- High tension, one-hand operation
- Lithium-ion quick-charge battery
- PET strap sizes: 3/8", 7/16", 1/2", 5/8", .019 – .030
- 80% joint efficiency
