

SOLUTIONS FOR BUNDLING

MHB AUTOMATIC STRAPPING MACHINE

The MHB is a custom-built, side-seal strapping machine designed to vertically strap bales of hay and straw. The multiple-head system dramatically increases production. The Location of the heads minimizes foreign matter from interrupting machine performance. And because the MHB is fabricated with heavy-duty material and hardware, you can count on this tough machine to operate flawlessly in virtually every environment.

CUSTOM BUILT FOR YOU Each MHB Baler is built to your specifications.

ENERGY SAVING MOTORS!

FEATURES

- Quick-change strapping unit
- Custom built to your specific needs
- Use XXL coils to reduce downtime caused by coil changes
- Increased throughput instantly
- Automatic strap feed and refeed
- To ensure long-lasting operation, the strapping and sealing units are mounted vertically to avoid debris
- Fewer moving parts to further increase reliability
- Direct drive motors means no belt or pulleys
- Debris protection

INNOVATIVE, RELIABLE, ENERGY-SAVING

MHB EQUIPMENT SPECS

ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains.

Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.

It's easy to find a supplier to sell you equipment.

It's another thing to find one who understands your business.

Talk to Greenbridge.
